

AGS-MRPC

Rugged single display portable workstation

The AGS-MRPC is the standard in rugged, portable computers. Fitting in between a laptop and a full desktop tower, the AGS-MRPC is the right size and weight to bring more power to your mobile platform.

The standard AGS-MRPC platform with typical figuration has the fastest turn-around of any rugged system. Acme Government Systems integrates and tests 1553, video capture, and other PCI cards. Further customization is possible with military connectors to meet a variety of requirements.

We pride ourselves in delivering a fully integrated, rugged platform to our military and government customers.

Features:

- 17.3" 1920 x 1080 LCD
- 2 x 5.25" Drive Bays
- 4 x PCI slots from M-ATX motherboard
- PCI card mounting brackets to increase over system ruggedness
