The AGS-MCCD-2U-R offers the highest resolution of any rack mounted display system. It employs two wide-screen format FHD 1920x1080 LCD displays in a 2U rack mount package 24" deep. The displays fold together and close into the drawer for slide-in storage. Two independent video controllers provide analog VGA, DVI and Displayport inputs. Independent front panel OSDs are provided along with USB feed-through connections.

# AGS-RMDDU-17
